Note:

-a courses are offered in the Fall, b courses are offered in the Spring. ab courses are offered in the Fall and Spring. a/b courses are offered in the Fall or Spring.

### Subfield Requirements

Students may qualify in Political Economy by exam or coursework.

To qualify in PE by exam, students must first take Math Camp, PLSC 705 and one of PLSC 698 or 721, before taking the exam.

To qualify in PE by coursework, students must take Math Camp, PLSC 705, one of PLSC 698 or 721, and an additional course (either a core course or an elective). Additionally, students must write a PE-themed paper, in the context of a PE course, that shows a strong command of the substantive and methodological approaches in the field.

We recommend that students prepare to qualify in PE by exam rather than by coursework.
